Welcome to the Retreat House, privately elevated on 3649 sqm just minutes from the centre of Castlemaine, yet offering an oasis of tranquility and sustainable living. Architecturally designed, the four-bedroom residence set within an established native garden offers a self-contained two-bedroom cottage and a 15m swimming pool with a breathtaking and uninterrupted view of Mount Franklin and the surrounding landscape.

With sustainable design at its core, the corrugated iron-clad home features a high vaulted roofline central to the living, dining and kitchen, a space highlighted by the feature brick open fireplace and offset by the stunning view of Mount Franklin captured through the double doors that open onto the deck overlooking the pool. Generous in size, the bespoke kitchen provides handmade hardwood timber benchtops, an Everhot combustion stove with a wetback
