

9 Perry Road Redbank VIC

A rare opportunity to buy a residential block in a small country town for under \$50,000 - the perfect low cost real estate investment, or a spot to build a small holiday home or permanent home (STCA). The whole property is divided into 8 separate allotments and we are currently selling;

In 1860 Gold was discovered in Redbank leading to about 2,000 people to rush to the area, however in 1861 gold was found elsewhere and much of the town relocated. What remains is a sleepy village 15 minutes from Avoca, 25 to St.Arnaud and 30 to Maryborough.

The land is zoned Township with mains power at the boundary, and is bordered by Navarre Street and Stony Crossing Road. An ideal chance to explore this beautiful part of Victoria, or simply hold onto the land for a future sale. Rear lane access due to culvert at the front.

Land Size : 758 sqm
